# HOW WE SERVE

*Making a Difference Through the Four Avenues of Service*

## Community Service

Acts of Community Service include civic, educational, and philanthropic enterprises on behalf of children, youth, health, recreation, and any other identified need. Local projects include:

Health Fair – Local seniors have come to depend on the Club's annual spring health fair co-sponsored by numerous local health care providers..

People In Need – this program helps families in need of various assistance during the holidays with clothing, toys and food needs.

Giving Program – working with the local school district, various families are supported by generous donations from our Foundation.

## International Service

Rotarians advance international understanding, good will, and peace through international service. Rotarians do this through personal contact in their own community, by travel and attending Rotary meetings in other countries and through international projects including:

We Care Eye Care – Providing help to those with various eye conditions through personal involvement and eye glass collections for those in need of eye care services through out El Salvador.

PolioPlus – A Rotary International priority effort to immunize all the children of the world against polio by 2005.

Water Cistern – We provide funding and support for the construction of rain water filters and cisterns in the Santa Rosa de Lima community in El Salvador.

## Vocational Service

An obligation of all Rotarians is to share with others the ideal of service in all the personal relationships in their business or profession. Opportunities in Vocational Service include:

Interact Club – this Rotary club for high school students, promotes the ideal of service and fosters leadership skills. We currently sponsor Interact at Olentangy Liberty High School.

Group Study Exchange – this is a unique cultural and vocational international exchange opportunity for young professionals. We recruit, host, and help fund exchange participants.

Scholarships – we endow and award numerous scholarships annually to youth of all races, religions and social circumstances.

## Club Service

Those things that Rotarians do to help make their Rotary Club successful include:

Youth Exchange –students study abroad while getting to know people from other lands. They experience foreign cultures thus planting the seeds for a lifetime of international understanding.

Map-It – Large 50' maps of the USA are painted on the playgrounds of the local elementary schools.

Adopt-a-Highway - The club helps beautify the community by maintaining Powell Road from Riverside Drive to Sawmill Parkway.

Having Fun – Club members enjoy numerous social events such as the Annual Golf Outing, Family Bowling, Group Outings and local event participation.
